

## anti- SRA1 antibody

### Product Information

|               |                                                                                                                 |
|---------------|-----------------------------------------------------------------------------------------------------------------|
| Catalog No.:  | FNab08213                                                                                                       |
| Size:         | 100µg                                                                                                           |
| Form:         | liquid                                                                                                          |
| Purification: | Immunogen affinity purified                                                                                     |
| Purity:       | ≥95% as determined by SDS-PAGE                                                                                  |
| Host:         | Rabbit                                                                                                          |
| Clonality:    | polyclonal                                                                                                      |
| Clone ID:     | None                                                                                                            |
| IsoType:      | IgG                                                                                                             |
| Storage:      | PBS with 0.02% sodium azide and 50% glycerol pH 7.3, -20°C for 12 months (Avoid repeated freeze / thaw cycles.) |

### Background

Functional RNA which acts as a transcriptional coactivator that selectively enhances steroid receptor-mediated transactivation ligand-independently through a mechanism involving the modulating N-terminal domain(AF-1) of steroid receptors. Also mediates transcriptional coactivation of steroid receptors ligand-dependently through the steroid-binding domain(AF-2). Enhances cellular proliferation and differentiation and promotes apoptosis in vivo. May play a role in tumorigenesis.

### Immunogen information

|              |                                  |
|--------------|----------------------------------|
| Immunogen:   | steroid receptor RNA activator 1 |
| Synonyms:    | pp7684, SRA, SRA1, SRAP, STRAA1  |
| Observed MW: | 30 kDa                           |
| UniprotID :  | Q9HD15                           |

### Application

|                     |                |
|---------------------|----------------|
| Reactivity:         | Human          |
| Tested Application: | ELISA, WB, IHC |

### Wuhan Fine Biotech Co., Ltd.
